RE: MOVEMENT.ORG Board of Directors announces leadership transitions!

MOVEMENT.ORG is pleased to announce the appointment of Craig Sider as President and CEO and Mac Pier as Founder, effective April 22, 2019.

Craig's appointment as CEO is a clear reflection of MOVEMENT.ORG'S significant growth over the last five years. This growth includes the spread of Movement Day expressions around the world, the launch and development of LEAD.NYC, and the emergence of the NXT Move as a global thrust in next generation leadership.

Since 2013, Craig has served as President of MOVEMENT.ORG and assumes the additional CEO role fully committed to our mission, "to catalyze leaders to spiritually and socially impact their cities." Craig is known as a visionary and someone capable of identifying, developing, and maximizing skills in others.

Mac Pier served as CEO of MOVEMENT.ORG since our beginning as The New York City Leadership Center. Mac will continue to be strategically involved in the life and ministry of MOVEMENT.ORG in his role as Founder. Mac launched Concerts of Prayer Greater New York City in 1988 and was the visionary force behind the founding of The New York City Leadership Center in 2008. Mac is a true pioneer and visionary and was instrumental in building the strong foundation of MOVEMENT.ORG. We are indebted to him for his sacrifice, thought leadership, and global vision and look forward to his continued contributions and visionary influence. Mac continues to carry a significant responsibility in raising funds for MOVEMENT.ORG.

Both Craig and Mac see this development as an opportunity for MOVEMENT.ORG to live fully into her mission. Craig notes, "I am honored and humbled that six years ago Mac invited me into the leadership team of Movement.org. He has, and continues to be, an incredible mentor on collaborative leadership, the beauty of the unified Body of Christ, and the mission centrality of global cities. God has used Mac's unique pioneering gifts to launch a movement that is impacting cities around the world. It is my privilege to step into this role knowing that Mac will continue to use his influence and gifts to advance our Kingdom mission."

MOVEMENT.ORG, formerly known as The New York City Leadership Center, was founded to increase the leadership effectiveness of church and non-profit leaders in Greater New York City. Beginning with the launch of Movement Day in 2010, the Center has increasingly received invitations to serve cities both nationally and globally. MOVEMENT.ORG'S vision is 'every global city flourishing spiritually and socially.'
